2008-2009 INSTITUTIONAL REPORT FOR THE PREPARATION OF TEACHERS
SOUTHERN UNIVERSITY OF NEW ORLEANS**

Message from the Commissioner:

Louisiana's teacher preparation reform efforts have brought national attention to our state and we commend everyone who has worked toward our success. It is exciting to find that preliminary results from the state's Value-Added Teacher Preparation Assessment Model have indicated that some teacher preparation programs in our state are demonstrating greater gains in student achievement than experienced teachers, another effort of national significance. These collective initiatives are all designed to improve the education of Louisiana's students and will assist us in meeting our goal of awarding 10,000 additional degrees or certificates by 2015. We are grateful to our campuses for their steadfast dedication to this work in these difficult economic times.

***Dr. Sally Clausen
Commissioner of Higher Education***

Mission of University

The mission of Southern University at New Orleans is to create and maintain an environment conducive to learning and growth; to promote the upward mobility of all people by preparing them to enter into new, as well as traditional, careers; and to equip them to function optimally in the mainstream of the Global society.

In support of its mission, the University embraces six basic objectives: (1) to afford to citizenry of the greater New Orleans metropolitan area increased opportunities for higher learning; (2) to provide instruction for the working adult populace of the area who seek to continue their education in the evening or on weekends; (3) to train individuals for positions in business, education, industry and government; (4) to prepare students for graduate work or advanced study; (5) to instruct at the graduate level for the awarding of advanced degrees; and (6) to provide opportunities for personal development, self-understanding, and an enhanced self image.

Student Characteristics of University

During fall 2007, the university had a total enrollment of 2133 undergraduate and 515 graduate students. A total of 660 students were males and 1988 were females. The majority of the students were from Louisiana with a total of 2,537 in-state students, 84 out-of-state students, and 27 foreign students. Among students enrolled in the undergraduate program, 2048 were black, 30 were white, and 55 were other races. Among students enrolled in the graduate program, 469 were black, 35 were white, and 11 were other races.

Accreditation and Approval of Teacher Preparation Program

The university is accredited by the Commission on Colleges of the Southern Association of Colleges and Schools (SACS). In addition, the College of Education is accredited by the National Council for the Accreditation of Teacher Education (NCATE). All of the university's teacher preparation programs are approved by the Board of Regents and the Louisiana Department of Education.

Notable Features and Accomplishments of Teacher Preparation Program

- Although the Teacher Preparation Program at Southern University at New Orleans was impacted by the hurricanes of 2005 to the point that the program was almost devastated, great strides have been made in rebuilding the program including increasing the number of full time faculty members in Early Childhood Education and in Elementary Education. Successful recruitment of students has resulted in increased growth in the College of Education. In fall 2007, there were 380 students enrolled.
- Five new full-time, tenure-track faculty members were employed in the Early Childhood and Elementary Education Programs. These faculty members received orientation, were trained on NCATE/State Standards and preparation for accreditation, and participated in on-going professional development activities.

Notable Features and Accomplishments of Teacher Preparation Program (Cont'd.)

The College of Education was recognized by the State for the alignment of reading competencies required by the State Board of Elementary and Secondary Education.

The College of Education submitted the Elementary Education Programs for review by the Association of Childhood Education International (ACEI). The program received national recognition.

LOUISIANA BOARD OF REGENTS

2008-2009 TEACHER PREPARATION ACCOUNTABILITY SYSTEM

OVERVIEW

In compliance with the Higher Education Opportunity Act of 1998, Louisiana created a Teacher Preparation Accountability System to assess the performance of teacher preparation programs within the state. During the first phase (2001-2002) of the accountability system, the performance of the regular and alternate certification students on the state teachers' examination (*Praxis*) was assessed. During subsequent phases (2002-2003, 2003-04, and 2004-05), the *quantity* of program completers at each institution was assessed and the *institutional performance* of each university was examined based upon passage rates on the *Praxis* and survey data from new teachers (who rated their teacher preparation programs on the extent to which the programs prepared the new teachers to address the state standards for teachers). The accountability system was created to include additional factors in the future that would examine growth of achievement of students taught by new teachers and perceptions of mentors of new teachers about the programs that prepared the new teachers. The purpose of the accountability system was to clearly demonstrate to the public that all universities and colleges in Louisiana were working diligently to produce quality teachers who worked effectively with PK-12 students.

During 2005-06, it was not possible to implement the Teacher Preparation Accountability System due to the closure of universities and schools in Louisiana and the inability to collect data from displaced teachers and mentors due to Hurricane Katrina and Hurricane Rita. A decision was made to revise the Teacher Preparation Accountability System. Institutional data, quantity data, and PRAXIS examination passage rate data have been collected and disseminated to the public in the 2005-06, 2006-07, 2007-08, and 2008-09 *Institutional Reports for the Preparation of Teachers*. These reports can be found on the Board of Regents web site at: <http://www.regents.state.la.us/Academic/TE/instreports.htm>.

During 2003-2009, a Value-Added Teacher Preparation Assessment Model has been piloted that links growth of achievement of children taught by new teachers to the universities that prepared the new teachers. Initial results were released to the public during October 2007 and December 2008. During 2008-09, the value-added model will be integrated into the Teacher Preparation Accountability System, and the revised Teacher Preparation Accountability System will be piloted during 2009-2010.

Footnotes:

¹ The number of program completers found, matched and used in the passing rate calculation will not equal the sum of the column labeled "Number Taking Assessment" since a completer can take more than one assessment.

² Institutions and/or States did not require the assessments within an aggregate where data cells are blank.

³ Number of completers who took one or more tests in a category and within their area of specialization.

⁴ Number who passed all tests they took in a category and within their area of specialization.

⁵ Summary Totals and Pass Rate: Number of completers who successfully completed one or more tests across all categories used by the state for licensure and the total passrate.
