Louisiana is being recognized nationally for the efforts of our universities to prepare high-quality new teachers who enter the profession prepared to address the needs of PK-12 students. All campuses are to be commended for the work they have done in the past and the work they are doing today to enhance the knowledge and skills of all new teachers. As improved student achievement continues to be a goal of all educators in Louisiana, the success of your work will continue for years to come as your well-prepared new teachers further develop their capabilities and become even more effective teachers in the future. The work you are doing is of the utmost importance, for it impacts the lives of students in Louisiana, and it impacts the economic health of our state.

LOUISIANA BOARD OF REGENTS 2007-2008 TEACHER PREPARATION ACCOUNTABILITY SYSTEM

OVERVIEW

In compliance with the Higher Education Act of 1998, Louisiana created a Teacher Preparation Accountability System to assess the performance of teacher preparation programs within the state. During the first phase (2001-2002) of the accountability system, the performance of the regular and alternate certification students on the state teachers' examination (PRAXIS) was assessed. During subsequent phases (2002-2003, 2003-04, and 2004-05), the quantity of program completers at each institution and the performance of each institution (e.g., performance of regular and alternate certification students on the state teachers' Praxis examinations and ratings by teachers of their teacher preparation programs) were assessed. In the future, additional factors will be assessed to examine such areas as ratings of programs by first year teachers' mentors and growth of learning of students taught by new teachers. The purpose of this accountability system is to clearly demonstrate to the public that all universities and colleges in Louisiana are working diligently to produce quality teachers who work effectively with PK-12 students.

During 2005-06, it was not possible to implement the Teacher Preparation Accountability System due to the closure of universities and schools in Louisiana and the inability to collect data from displaced teachers and mentors due to Hurricane Katrina and Hurricane Rita. A decision was made to revise the Teacher Preparation Accountability System. Quantity and PRAXIS examination passage rate data have been collected and are being disseminated to the public in the *2005-06, 2006-07, and 2007-08 Institutional Reports for the Preparation of Teachers*. These reports can be found on the Board of Regents web site at: <http://asa.regents.state.la.us/TE/reports/2007>. The documents provide an overview of the quantity of program completers and the passage rates of program completers at individual universities.
