

**Northwestern State University of Louisiana
University of Louisiana System**

**GRAD Act Annual Report
FY 2014-2015 (Year 5)**

**Submitted to the
Board of Supervisors, University of Louisiana System
April 1, 2015**

**and to the
Louisiana Board of Regents,
May 1, 2015**

Table of Contents

Student Success

Narrative

- | | |
|---|---------|
| | Page 3 |
| 1.a. Implement policies established by the institution's management board to achieve cohort graduation rate and graduation productivity goals that are consistent with institutional peers. | Page 6 |
| 1.b. Increase the percentage of program completers at all levels each year. | Page 11 |
| 1.c. Develop partnerships with high schools to prepare students for postsecondary education. | Page 15 |
| 1.d. Increase passage rates on licensure and certification exams and workforce foundational skills. | Page 16 |

Articulation & Transfer

Narrative

- | | |
|---|---------|
| | Page 19 |
| 2.a Phase in increased admission standards and other necessary policies by the end of the 2012 Fiscal Year in order to increase student retention and graduation rates for transfer students. | Page 21 |
| 2.b Provide feedback to community colleges and technical college campuses on the performance of associate degree recipients enrolled at the institution. | Page 25 |
| 2.c Develop referral agreements with community colleges and technical college campuses to redirect students who fail to qualify for admission into the institution. | Page 27 |
| 2.d Demonstrate collaboration in implementing articulation and transfer requirements provided in R.S. 17:3161 through 3169. | Page 27 |

Workforce and Economic Development

Narrative

- | | |
|--|---------|
| | Page 28 |
| 3.a Eliminate academic programs offerings that have low student completion rates as identified by the Board of Regents or are not aligned with current or strategic workforce needs of the state, region, or both as identified by the Louisiana Workforce Commission. | Page 32 |
| 3.b Increase use of technology for distance learning to expand educational offerings. | Page 35 |
| 3.d To the extent that information can be obtained, demonstrate progress in increasing the number of students placed in jobs and in increasing the performance of associate degree recipients who transfer to institutions that offer academic undergraduate degrees at the baccalaureate level or higher. | Page 38 |

Institutional Efficiency and Accountability

Narrative

- | | |
|---|---------|
| | Page 39 |
| 4.a Eliminate remedial education course offerings and developmental study programs unless such courses or programs cannot be offered at a community college in the same geographical area. | Page 42 |
| 4.b Eliminate associate degree program offerings unless such programs cannot be offered at a community college in the same geographic area or when the Board of Regents has certified educational or workforce needs. | Page 43 |
| 4.c Upon entering the initial performance agreement, adhere to a schedule established by the institution's management board to increase nonresident tuition amounts that are not less than the average tuition amount charged to Louisiana residents attending peer institutions in other Southern Regional Education Board states and monitor the impact of such increases on the institution. | Page 44 |
| 4.d Designate centers of excellence as defined by the Board of Regents which have received a favorable academic assessment from the Board of Regents and have demonstrated substantial progress toward meeting the following goals. | Page 45 |

1. STUDENT SUCCESS

- **An explanation for any targeted measure(s) in this objective for which the institution is not reporting as having met or improved for the reporting year.**

Not Applicable.

- **Student success policies/programs/initiatives implemented/continued during the reporting year.**

Northwestern implemented/continued the following student success initiatives in 2014-15:

- Northwestern continued to assign mentor/advisors to all entering freshmen and to implement early warning systems such as six-week grades for freshman students and ten-week grades for all students.
- All entering students are required to enroll in UNIV 1000 which is an orientation to University life.
- Northwestern tracks all non-returning students to ascertain why they are not returning. These data are being used in retention analysis.
- Northwestern continues to expand its commitment to academic advising by hosting professional development workshops for faculty and staff advisors. Professional development days were held in both the Fall and Spring on-call weeks.
- Advisors have implemented an enhanced advising system whereby at-risk students are contacted often to offer them appropriate academic support or counseling. Additionally, several departments have expanded their advising and mentoring processes.
- Collaboration occurred across multiple offices to determine the most effective means of capturing student data at the point of class withdrawal.
- Northwestern currently offers academic support for all courses. Two particular tutoring sites have garnered external funding from the Board of Regents Support Fund and from Title III—The Experiential Mathematics Lab and The Learning Center for Nursing and Allied Health Majors. The Writing Center, Creative and Performing Arts, and Psychology have also enhanced and expanded tutoring.
- In 2014-2015, Northwestern offered dual enrollment courses throughout the state to students enrolled at 39 public high schools and 12 private high schools. Courses were offered at the high school campus, online, and on Northwestern's campus.
- During 2014-15, Northwestern continued to work with K-12 teachers in Louisiana through Project Lead the Way (PLTW) and the NSU-Writing Project (NSUWP) to provide professional development.
- Departments implemented an array of [collaborative endeavors](#) with K-12 partnership schools during this reporting period.
- During Fall 2014, a Retention Summit was held with unit heads or their representatives from Academic and Student Affairs. The primary topic was the current [retention plan](#) developed by the Retention Committee in 2012-2013. Feedback occurred regarding the current plan and possible retention issues.
- All units adhere to standardized reporting and assessment responsibilities in regards to their individualized retention efforts. A retention coordinator monitors the units to ensure compliance with the retention plan and assists units with any difficulties the unit is having with the retention plan.
- During the 2014-2015 year, the Retention Committee is updating the Retention Plan to better align the University's goals. Until the plan is finalized, the current retention plan continues, along with reporting of information by units.

- The Gallaspy College of Education and Human Development has offered and will offer a PRAXIS I test preparation seminar.
- The University hosted numerous events sponsored by its various units ranging from theatrical productions to literary readings.
- The University hosted its annual Research Day highlighting research by both faculty and students.
- College of Nursing has received specialize training in the RN-NCLEX exam and is now offering training sessions for students to help prepare students for the exam.
- College of Nursing and the School of Allied Health have both implemented mentoring programs for their Clinical students to help with the students be more successful.

• **Data-based evaluation, including student performance, conducted to ascertain effectiveness during the reporting year.**

The University has developed internal assessment pieces to ensure that retention programs are functioning in an effective manner. These data are tracked and reviewed several times per year. Assessment of effectiveness is measured by the number of students who retain from the first semester to the second. Each student who did not return is contacted about why s/he did not return. A new process in the system allows these contacts to now be centralized and accessible through the student system. These responses are reviewed regularly in order to make improvements to our retention rates. Responses are reviewed for both spring-to-fall non-returners and fall-to-spring non-returners.

• **Tracking/monitoring/reporting mechanisms implemented/continued during the reporting year.**

Northwestern monitors students across time through a variety of institutional research reports and contacts with advisors/mentors/department heads.

- Each semester, a report is generated which lists students who have not re-enrolled at Northwestern. Students who have not registered are contacted by advisors and Department Heads and a series of questions are asked about why they have not re-enrolled. The answers to these questions are either entered in the Banner system or sent to Institutional Research where they are collated and compiled.
- Students who have not pre-enrolled for the coming semester are contacted during the Fall or Spring to remind them to re-enroll.
- Students who stop out are contacted about re-enrollment during each registration cycle. This material is tracked and examined to ascertain roadblocks to re-enrollment.
- To enhance student re-enrollment for Fall 2013 courses, a new campaign called Ready, Set, Register was implemented in Spring 2013. The campaign encouraged students to see their advisors and register before leaving for summer. Each week, a donated I-tunes gift card was given away to a student whose name was drawn from students pre-registering for that week. This initiative continues each semester.

• **Development/use of external feedback reports during the reporting year.**

Northwestern shared two reports with high schools this academic year. These reports help high schools track success in Early Start-Dual Enrollment courses and indicate data about college matriculation.

- **Early Start Reports:** The Office of Institutional Research provides the Office of the Carl D. Perkins Program (which helps oversee dual enrollment) with a [feedback report](#) for all partner high schools for whom Northwestern offered a dual enrollment course. The current report

template contains information regarding student enrollment, enrolled semester credit hours (SCHs), completed SCHs, and matriculation of former dual enrolled students to Northwestern. Currently, no known feedback has been received requesting additions or changes to the report.

- **Matriculation and Performance Reports:** Further, the Office of Institutional Research provides the Division of External Affairs with high school [feedback reports](#) for all high schools with an entering class of fifteen or more students. The current report template contains information regarding dual enrollment as well as data for the entering student class. Currently, no known feedback has been received requesting additions or changes to the report.

a. Implement policies established by the institution's management board to achieve cohort graduation rate and graduation productivity goals that are consistent with institutional peers.

1.a.1 Retention of first-time, full-time, degree-seeking students, 1st to 2nd Year Retention Rate (Targeted)

	Baseline	Year 1	Year 2	Year 3	Year 4	Year 5	Year 6
Term of Data	Fall 08 to Fall 09	Fall 09 to Fall 10	Fall 10 to Fall 11	Fall 11 to Fall 12	Fall 12 to Fall 13	Fall 13 to Fall 14	Fall 14 to Fall 15

2. ARTICULATION AND TRANSFER

- **Articulation and transfer policies/programs/initiatives implemented/continued during the reporting year, especially as they relate to the Louisiana Transfer Degree programs.**

Northwestern works diligently to ensure a smooth transfer process for students:

- Information about transferring to Northwestern is prominently displayed on the [transfer admission site](#) so that students can easily identify the procedures to follow during the transfer process.
 - Northwestern has created a [comprehensive transfer admission guide](#) which contains articulation agreement information and course crosswalks for students to use as a guide.
 - Northwestern has created a weekly report to the academic units showing all the students awarded transfer credit within the previous week. This report allows unit heads to look at the transfer credit and ensure students are receiving all the credit they should receive.
 - Northwestern has reached out to all community colleges in the state to create referral agreements. At present, these agreements have been implemented with the following community colleges: Bossier Parish Community College, South Louisiana Community College, Louisiana Delta Community College, Central Louisiana Technical and Community College, and River Parishes Community College. For those community colleges who have not responded, Northwestern will continue to follow up to implement the referral agreements.
 - Northwestern has continued to formulate degree programs which can be delivered electronically so as to accommodate place-bound transfer students. The Bachelor of Applied Science in Allied Health, the first of its kind in the state, was developed in response to the needs of the community college students. Another letter of intent for a Bachelor of Applied Sciences has been approved and the proposal is in progress.
 - Northwestern State and Louisiana State University – Eunice collaborated on a grant which was funded by the Board of Regents. This grant will establish a Sonography program in Shreveport. LSUE will provide lecture content via WebEx to Shreveport while Northwestern State will provide laboratory and classroom space as well as help with recruitment. Willis Knighton will provide a sonographer to serve as the clinical preceptor for the students.
- **Data-based evaluation, including student performance, conducted to ascertain effectiveness during the reporting year.**

Northwestern engaged an independent evaluator to review the community college transfer process and Northwestern's responsiveness and assessment of services to these students. This study has been shared with the University Administration, and new procedures are under consideration to enhance community college transfer. Efforts associated with programs such as the BPCC-NSU Title III grant have expanded the University's ability to recruit/retain transfer students.

- **Tracking/monitoring/reporting mechanisms implemented/continued during the reporting year, especially as they pertain to student transfer issues.**
 - All students who earn a 2.25 GPA or less are directed to see their academic advisor to ensure their grade point average does not continue to decline. An account hold is placed on these students' records to ensure compliance. These students are referred to support services, counseling, or academic skills services. Advisors follow up with these students to monitor their success. These students and their progress are tracked by Institutional Research and by the Academic Advising staff in the Academic and Career Engagement Center.
 - Department Heads and Directors report [their activities](#) regarding transfer agreements and community college partnerships in Task stream.
 - The University maintains a [community college transfer Website](#) and [transfer guide](#) to assist students.
- **Development/use of agreements/external feedback reports during the reporting year.**

Northwestern worked closely with LCTCS officials this year by formulating articulation agreements, hosting meetings between Northwestern and Community College faculty and staff, and by meeting with administrators to plan future collaborative endeavors:

- In the past couple of years, Northwestern signed articulation agreements with Bossier Parish Community College, Fletcher Community College, Baton Rouge Community College, and Delgado Community College.
- The community colleges receive a [feedback report](#) regarding the number of their students enrolled at Northwestern, and Dr. Neil Matkin at LCTCS is also given a summary report for the LCTCS system.
- Based upon monthly progress reports from the Departments or other sources, additional agreements were either put in place or progress was made with the following institutions since March 2014: CC of the Air Force, Baton Rouge CC, Delta CC, Fletcher CC, Northshore Technical CC, Northwest Technical CC, and South Louisiana CC
- Northwestern currently has almost eighty active 2+2 articulation agreements. In addition, Northwestern continues to actively pursue another fifteen (approximately) agreements with various community colleges and universities.

a. Phase in increased admission standards and other necessary policies in order to increase transfer student retention and graduation rates.

2.a.i.a. 1st to 2nd year retention rate of baccalaureate degree-seeking transfer students (Tracked)

	Baseline	Year 1	Year 2	Year 3	Year 4	Year 5	Year 6
Term of Data	AY 08-09	AY 09-10	AY 10-11	AY 11-12	AY 12-13	AY 13-14	AY 14-15
# enrolled	763	942	970	830	745	653	
# retained to next Fall semester	458	545	611	561	471	469	
Rate	60.0%	57.9%	63.0%	67.6%	63.2%	71.8%	

*No exclusions were made for death or military leave.

**Prior to Year 3, both Summer transfers and students in supplementary terms in Fall and Spring were included.

***The # retained to next Fall semester in AY 08-09 includes 7 students who graduated and did not return as well as 4 more students who both graduated and returned.

****The #retained to next Fall semester in AY 09-10 includes 7 students who graduated and did not return as well as 3 more students who both graduated and returned.

*****The # retained to next Fall semester in AY 10-11 includes 13 students who graduated and did not return as well as 6 more students who both graduated and returned.

*****The # retained to next Fall semester in AY 11-12 includes 6 students who graduated and did not return as well as 1 more student who both graduated and returned. The Board of Regents will only show 3 students who graduated and did not return as 3 of the 6 students graduated in Summer 2012 and have not been submitted to the Board of Regents as of this report creation. These 3 Summer 2012 graduates explain the difference between these reported numbers and the numbers sent out by the Board of Regents.

*****The # retained to next Fall semester in AY 12-13 includes 6 students who graduated and did not return as well as 2 more students who both graduated and returned. The Board of Regents will only show 4 students who graduated and did not return as 2 of the 6 students graduated in Summer 2013 and have not been submitted to the Board of Regents as of this report creation. These 2 Summer 2013 graduates explain the difference between these reported numbers and the numbers sent out by the Board of Regents.

*****The # retained to next Fall semester in AY 13-14 includes 4 students who graduated and did not return as well as 2 more students who both graduated and returned. The Board of Regents will only show 2 students who graduated and did not return as 2 of the 4 students graduated in Summer 2014 and have not been submitted to the Board of Regents as of this report creation. These 2 Summer 2014 graduates explain the difference between these reported numbers and the numbers sent out by the Board of Regents.

***This table includes baccalaureate degree-seeking transfer students only who were enrolled at the fall/spring census dates.**

2.a.i.b. 1st to 2nd year retention rate of full-time, baccalaureate degree-seeking transfer students with a minimum student level of sophomore at entry (as identified in SSPS) (Targeted)

	Year 3	Year 4	Year 5	Year 6
Term of Data	AY 11-12	AY 12-13	AY 13-14	AY 14-15
# enrolled in the academic year	364	281	298	
# retained to the next Fall semester	268	196	229	
Rate	73.6%	69.8%	76.8%	
Target	68.1% (66.1% - 70.1%)	68.3% (66.3% - 70.3%)	68.4% (66.4% - 70.4%)	68.5% (66.5% - 70.5%)

# of completers who began as transfer degree students	0	0	0	0	0	0	

3. WORKFORCE AND ECONOMIC DEVELOPMENT

- **Activities conducted during the reporting year to identify programs that have low number of completers or are not aligned with current or strategic regional and/or state workforce needs.**

Northwestern conducts yearly program review which examines programs in terms of productivity and connection to workforce:

- All programs at Northwestern are reviewed by a Program Review Committee. The Program Review Committee is convening presently, and the members diligently examine all academic programs. The final report will be submitted soon and no programs have been recommended for elimination.
 - Rather than showing the mapping of degrees and careers in an Excel spreadsheet as was provided in the past, users can now find the connections between the degrees offered and regional and/or state workforce needs via the [Louisiana Workforce Commission](#).
 - In Summer 2014, the Provost met with Ms. Susana Schowen and Dr. Jenee Slocum to discuss Northwestern's Bachelor of Applied Science and Technology degree and Letter of Intent and also expanded efforts to better serve workforce by awarding credit for the C4M module. Northwestern was the first University to award this credit.
 - The University President, and the Provost met regularly with Louisiana Economic Development representatives and Louisiana Workforce Commission staff.
- **Activities conducted during the reporting year to identify/modify/initiate programs that are aligned with current or strategic workforce needs as defined by Regents* utilizing Louisiana Workforce Commission and Louisiana Economic Development published forecasts.**

Northwestern strives to ensure that students who graduate are work-force ready. To this end, the University continually reviews degree programs to ensure that students will develop skills needed to meet the needs of the workforce.

- As new programs are planned, the departments working on proposals are required to submit a workforce assessment showing that they have consulted the various occupational forecast materials in planning of the degree program.
- Northwestern State has submitted a proposal to revamp the curriculum to allow form more flexibility for students to complete the degree and choose courses best suited to career aspirations. Additionally, students must earn a "C" or better in communication classes to ensure they are better prepared with the skills and knowledge required in the workforce.
- English faculty proposed a graduate certificate in Technical Communication to be presented to the ULS Board.
- Graduate English faculty revised the curriculum to allow online students to pursue concentrations in Writing and Linguistics, Literature, and Folklore and Southern Culture. This program supports teacher education as many of the students are current teachers or are pursuing an education career.
- In 2013, the College of Nursing (CON) developed and implemented a new curriculum offering within the master's program (MSN) for adult-gerontology primary care nurse practitioner (AGPCNP). This was in response to the need for nurse practitioners prepared to care for an aging population. The program was approved by the Louisiana State Board of Nursing (LSBN) in 2014 and the first cohort is expected to graduate in May 2015.

- In addition, the CON developed a proposal to offer a doctor of nursing practice (DNP) for master's prepared licensed nurse practitioners. The proposal was approved for offering by SACSCOC and the Louisiana Board of Regents in 2014. The first cohort was admitted Fall 2014 with an anticipated graduation date of August 2016. Again this addition was in keeping with the national movement to prepare nurse leaders who are also practitioners in health care.
- In response to the University plan to add an interdisciplinary degree incorporating CIS/EET/IET/CAPA, the Computer Information Systems area is currently proposing a new concentration of Web Development to the Curriculum Review Committee. Approval for this concentration will be voted upon at the February meeting.
- Effective for Fall 2014, Computer Information Systems began offering two new concentrations: (1) Applications Development and (2) Networking and Systems Management. Several courses were also added to the curriculum: CIS 1015 (Introduction to Computer Information Systems), CIS 4060 (Mobile Applications Development), CIS 4070 (Data Analytics), and CIS 4080 (Cloud Computing). Both the concentrations and the courses were added based on trends in the field and the desire to better meet industry needs.
- A new joint major, Hospitality, Management, and Tourism, was established between the Louisiana Scholars' College and the Family and Consumer Sciences. This major will help prepare students for careers in the growing industry of hospitality and tourism.
- The Department of Mathematics created a new Actuarial Mathematics concentration for the BS in Mathematics. This new concentration already has firms willing to provide internship experiences. This concentration will allow Northwestern to apply to be listed as an introductory undergraduate program with the Society of Actuaries. Employment in this field was predicted to increase over 20% in the decade from 2008-2018.
- Advisory Councils: All departments offering degree programs have now developed [advisory councils](#) which meet either via conference call or face-to-face each year or more frequently as needed to ensure that Northwestern produces graduates who meet the needs of the workforce.
- **Activities conducted during the reporting year with local Workforce Investment Board.**

Northwestern has worked closely with business and industry to assist with matters pertaining to technology and administration.

- For example, the School of Business holds the annual [J. Walter Porter Forum](#) every year where business and industry are invited to be featured speakers and students and the community are invited to attend.
- Northwestern's Creative and Performing Arts used the advice from their Advisory Council to continue expansion of the concentration in Music Business/Industry as well as internship opportunities offered to these students.
- Based on input from Engineering Technology's Industry Advisory Committee, the department of Engineering Technology decided to offer an elective course IET3100- Technical Project Management. The course was approved by the CRC in 2014, with first course offering scheduled in Spring 2016.
- Meetings with Engineering Technology's Industry Advisory Committee also led to three proposal submissions to the Louisiana Board of Regents to acquire equipment in Nanotechnology- Simulation, Coordinate Measurement Machine, and 3D Scanning and Printing. Once funded, the acquired equipment/software will be used to equip labs to teach courses on Product Lifecycle Management and Nanoelectronics.
- The Engineering Technology department, based on input from Industry Advisory Committee, local companies, and program graduates, is developing curriculum for (pending approval by Board of Regents):
 - Bachelor of Science in Resource Management (Industrial Manufacturing Focus)

- Masters of Science in Manufacturing Management
- Industry based certification on Project Management
- Industry based certification on Quality Management
- College of Nursing (CON) faculty have participated in several programs in conjunction with the Louisiana Action Coalition (LAC). The dean has participated on regional and statewide LAC panels.
- Career and Counseling Services also hosted both a job fair and a teacher job fair.
- The College of Nursing and Allied Health participated in a large number of sessions with Global Health in order to establish the new partnership between Global Health and Northwestern State.
- Overall, departments have engaged in many different activities with [business and industry](#).
- Mr. Jason Parks, CenLa Campuses Executive Director, who has a well-developed background in workforce development, and he has worked with the Provost, Unit Heads, and others to help better connect workforce practices and needs to University programs.

Dr. Webb, Dr. Abney, Dr. Williams, Dr. Clawson, and Mr. Parks have worked with the Central Louisiana Economic Development Alliance, the North Louisiana Economic Partnership, Shreveport Bossier Business Alliance, various Chambers of Commerce, and the BOR Workforce Commission. The North Louisiana Manufacturing Managers Council convened at Northwestern to work to enhance Northwestern's role in the Manufacturing industry.

- **Other means of tracking students into the workforce outside of the 2011 Employment Outcomes Report.**

Northwestern State received the preliminary Employment Outcomes Report from the Board of Regents and analyzed it to see how its graduates were performing. In looking at the report for 09-10, 10-11, and 11-12, the University notes 65.8%, 62.0%, and 62.8% of their completers were employed in the second quarter following graduation in Louisiana. Masters' completers had the highest employment rate. The second quarter wages also indicated the following average salaries: \$35,263 (09-10), \$32,593 (10-11), and \$36,684 (11-12). The Excel worksheets allow the University to drill down and look at average wages by CIP code, degree level, etc.

Northwestern employs a number of methods to track students into the workforce. In the semester of graduation, students fill out the [Graduating Senior Survey](#). [Of those who responded](#), 85.9% indicated they will be pursuing employment. In addition, 44% of respondents indicated they will pursue graduate study.

Northwestern also creates an [annual/biannual report](#) for the various academic departments tracking where their baccalaureate graduates have pursued further education. This report is based on information obtained from the National Student Clearinghouse. While students cannot always be 100% identified as pursuing graduate study, the information does allow department heads/directors an idea of the percentage of students receiving further education as well as where the students receive that education.

The 2011 Board of Regents' [Employment Outcomes Report](#) supports the need for postsecondary education to produce a more educated workforce. Northwestern supports the goal of expanding the number of completers in postsecondary education and, thus, expanding the number of qualified members of the workforce.

In one example of tracking students, the nursing area sends surveys to their graduates at one year post graduation in addition to seeing them often in their clinical locations. The nursing area also conducts an [employer survey](#). Other departments conduct their [own tracking](#) of students:

- **Improved technology/expanded distance learning offerings during the reporting year.**
 - The University continued its implementation of Banner Student which provides a new hardware and software interface for student registration, financial aid, and accounts receivable. The continued implementation of Banner will have a significant impact on day to day operations. The impact of this initiative has resulted in significant enhancements to processes for admissions, registration, accounts receivable, and financial aid. Enhancements to infrastructure were included to meet the needs of the software. Faculty and staff have been involved in an on-going professional development effort to include structured sessions provided by Ellucian staff as well as informal “just in time” training opportunities.
 - Through its office of Electronic and Continuing Education, the university has developed a comprehensive professional development program for faculty and staff that includes learning the basics of Microsoft operations to more in-depth preparation in instructional design, online pedagogy, and eLearning course development. To date, 62 sessions have been provided, and 102 faculty/staff have participated with a total session enrollment of 256.
 - The University continues to refine its use of a comprehensive lecture capture video system that allows faculty to record lectures or other content as a means of enhancing online and face to face courses.
 - The University continued to offer and expand its strong distance education program. In AY 2013-2014, over 600 courses were offered. The number of sections offered and course enrollments in those sections also grew: 1,797 sections in AY 2013 – 2014 versus 1,707 in AY 2012 – 2013.
 - Northwestern continues to pioneer new online courses and degree programs. Some new programs made available in 2014-2015 include the Master of Science in Nursing: Concentration in Nurse Educator, Concentration in Nurse Administrator, Concentration in Family Nurse Practitioner, Concentration in Women's Health Nurse Practitioner, and Concentration in Primary Care Pediatric Nurse Practitioner. Also added to the list of new programs is the Doctor of Nursing Practice (DNP).

a. Eliminate academic programs offerings that have low student completion rates as identified by the Board of Regents or are not aligned with current or strategic workforce needs of the state, region, or both as identified by the Louisiana Workforce Commission.

3.a.i. Number of programs eliminated as a result of institutional or Board of Regents review (Descriptive)

4. Institutional Efficiency and Accountability

- **Preparation/progress during the reporting year for the elimination of developmental course offerings and associate degrees, including collaboration with 2-year colleges.**

Northwestern worked closely with BPCC to ensure the timely transfer of developmental courses to BPCC and to work toward transfer of Associate Degree programs.

- In 2011-12, Northwestern eliminated the delivery of ENGL 0920, the developmental English course. BPCC is now offering this course to Northwestern students on the Northwestern Campus. MATH 0920 is being phased out. A plan is in place to no longer offer any developmental courses after Summer 2014.
 - In 2012-13 and 2013-14, Northwestern also participated in the Board of Regents' initiated pilot study regarding developmental programs.
 - At the conclusion of Spring 2012, Northwestern no longer admitted students to the AS in Electronics Technology program. At the conclusion of Fall 2012, Northwestern no longer admitted students to the AA in Criminal Justice or the AD in Business Administration.
 - Northwestern initially planned to phase out the ASN in 2018; however, upon a closer examination of the location of the ADN student population and the absence of community college coverage in the Leesville/Alexandria areas, it would be difficult for Northwestern to cease offering the ASN as there is no community college provider available to absorb the ASN students. Should the Community College which is scheduled to be housed in Alexandria become fully operational this year, it is unlikely that it would have the capacity to serve all the ASN students of Alexandria by 2018. Additionally, BPCC administration has indicated that though their capacity is growing, it will be unlikely that they can absorb all of Northwestern's ASN students by 2018. Northwestern will monitor the ability of surrounding community colleges to assume the role of ASN provider during the next few years, and we will revisit this issue if necessary.
 - After much discussion with BPCC, BPCC administration determined it would be more cost-effective to allow the Veterinary Technology program to continue to be offered by Northwestern. Northwestern will maintain the AD in Veterinary Technology, as there is workforce need for this program as was evidenced by the many [letters of support](#) from veterinarians and others who heard that the program might be cancelled.
 - With the continuation of the ASN degree and the AD in Veterinary Technology and the cancellation of the other three associate programs in the last year, the only remaining associate degree to be addressed is the AGS in General Studies. It is currently scheduled to stop admission at the end of Fall 2016 with a proposed elimination date of Fall 2018.
- **Progress toward increasing non-resident tuition as compared to SREB averages during the reporting year; impact on enrollment/revenue.**

According to LA R.S. 17:3351(b)(i) and the GRAD Act performance agreement, Northwestern State University will submit a six-year plan annually to increase non-resident tuition to a point that is not less than the average tuition amount charged to Louisiana residents attending peer institutions in other Southern Regional Education Board (SREB) states.

For FY 2014/15, the University [submitted to and received approval](#) from the ULS Board of Supervisors for the below six-year non-resident tuition plan with the goal of reaching the \$18,890 projected FY 2015/16 SREB Median for 4-Year Category 4 institutions. The increase for FY 2014/15 was implemented per this approved plan.

SREB Median FY 09-10 \$13,736
 SREB Category 4 5.71%*

Fiscal Year	SREB Target	NSU	% Difference from SREB Target
FY 2010-11	\$14,539	\$12,126	-16.60%
FY 2011-12	\$15,052	\$13,552	-9.97%
FY 2012-13	\$15,991	\$14,846	-7.16%
FY 2013-14	\$16,904	\$16,366	-3.18%
FY 2014-15	\$17,869	\$17,574	-1.65%
FY 2015-16	\$18,890	\$18,890	0%

* For FY 2008-09 through FY 2013-14, the average increase in SREB out-of-state tuition was 5.71% per year across all categories. This percentage has been used to adjust targets for each year of the remaining six-year schedule targets. Adjustments will be revised each year as new SREB data are available and the new schedule will be part of the GRAD Act Annual Report.

The [schedule of tuition and fees](#) is published by the Office of the Registrar annually.

In accordance with the GRAD Act, Northwestern State University has monitored and will continue to monitor the enrollment and revenue impact of the six-year non-resident tuition plan increases. Below is the multiyear FTE enrollment and revenue analysis related to this plan.

	Non-Resident FTE Student Enrollment**	OOS Fee Total Revenue*	Additional Projected Revenue	
			\$	%
FY 2009-10	403	\$2,696,539		
FY 2010-11	389	\$3,010,765		
FY 2011-12	412	\$3,530,413		
FY 2012-13	396	\$3,712,888		
FY 2013-14	353	\$3,577,985		
FY 2014-15	380	\$4,097,356	\$519,371	14.52%
FY 2015-16	380	\$4,336,756	\$239,400	5.84%

* Actuals for FYs 2009-10 through 2013-14. Projections for FY 2014-15 through FY 2015-2016

**Non-resident enrollment is projected to remain steady as reflected in the above table.

a. Eliminate remedial education course offerings and developmental study programs unless such courses or programs cannot be offered at a community college in the same geographical area.

4.a.i. Number of developmental/remedial course sections offered at the institution (Tracked)**

	Baseline	Year 1	Year 2	Year 3	Year 4	Year 5	Year 6
